Dear [Redacted]

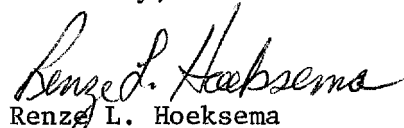

We sincerely appreciate your participation in the group interview segment of the 1981 Hope College May Term in Washington.

The quality of this course is entirely dependent upon the willingness of individuals such as yourself to spend some of their valuable time with a group of students. Our interview at your office on May 27 was particularly useful to my students. I heard nothing but favorable comments about your presentation and the way you answered the student's questions. I think it is very useful for the students to have a balanced presentation as it is so different from the way the Agency is usually portrayed.

Your contact with our students is an effective means by which they may improve their understanding of our governmental system and all of the cross pressures and interests involved in our pluralistic society and world.

Again, thank you for your time and we hope to see you in the future.

Sincerely,

Renze L. Hoeksema
Professor of Political Science

Dear 

This letter is to request that you participate in the group interview segment of the Spring, 1981 Hope College Washington May Term Program.

The group of about twelve students will include members with majors in the natural sciences, humanities, and social sciences.

The group interview segment of the course involves group interviews of a variety of persons at two to four organizations involved in a particular area of public policy. We have found that this gives students a feel for the issues and an appreciation of different viewpoints.

At present we are planning to look at "C.I.A. and our Intelligence Needs" as one of these public policy areas. We would like to visit and interview you at your Washington office from 1:45-2:45 p.m. on Wednesday, May 27, 1981. If this time and date are convenient please call or write a confirmation to my address below. I then will contact the appropriate person at your office to finalize arrangements. If this time conflicts with your schedule and you would like to arrange an alternate date, please let me know as soon as possible.

Thank you for your consideration of this request and I know the group hopes to be able to visit your office.

Sincerely,

Renze L. Hoeksema
Professor of Political Science
